

# Less clearing can still fix road

SAFE and Scenic Toodyay Road is continuing its campaign to protect the environmental, tourist and heritage values of our precious Toodyay Road.

Many community members are showing their support for alternative plans which will reduce Main Road WA's extensive clearing footprint for their planned upgrades.

At a recent community Toodyay RoadWise forum, the opinion from attendees was that the roads are not to blame for traffic accidents. A range of other factors contribute much more to the problem.

You can add your support to the campaign by signing the on-line petition at [sastr.com.au](http://sastr.com.au) or come and see us at the Toodyay Markets on Sunday July 18.
