**STOP UNNECESSARY CLEARING**

**TO: HON. REECE WHITBY MLA  
MINISTER FOR ENVIRONMENT &  
CLIMATE ACTION**

**8TH FLOOR, DUMAS HOUSE,  
2 HAVELOCK STREET,  
WEST PERTH WA 6005**

**Dear Minister,**

**Between 2019 and 2022, 257 hectares of native vegetation was approved for clearance for the purpose of road construction or maintenance. We all want safer roads but our precious environment does not need to be sacrificed to achieve this.**

**There are alternatives to land clearing that can improve roads as effectively as excessive widening or unnecessary realignment.**

**Poorly administered environmental regulations make it easy to clear without justification.**

**To preserve roadside vegetation, vital habitat and our beautiful landscape, I ask you to enforce stricter regulations that make excessive clearing a last resort when planning roads.**

**Signed**
